- Management's unaudited estimate of the range of our NAV per share of our common stock as of December 31, 2023 is between \$7.61 and \$7.71. This estimate is not a comprehensive statement of our financial condition or results for the month ended December 31, 2023. Our financial condition, including the fair value of our portfolio investments, and results of operations may be materially impacted after December 31, 2023 by circumstances and events that are not yet known.
