- (1) These investments are generally subject to certain limitations on resale, and may be deemed to be “restricted securities” under the Securities Act of 1933, as amended.
- (2) OFS Credit Company, Inc. (the “Company”) does not “control” and is not an “affiliate” of any of its portfolio investments, each as defined in the Investment Company Act of 1940, as amended (the “1940 Act”). In general, under the 1940 Act, the Company would be presumed to “control” a portfolio investment if it owned 25% or more of its voting securities and would be an “affiliate” of a portfolio investment if the Company owned 5% or more of its voting securities.
- (3) The rate disclosed on collateralized loan obligation (“CLO”) equity and equity-related securities is the estimated effective yield, generally established at purchase, and re-evaluated upon the receipt of the initial distribution and each subsequent quarter thereafter. The estimated effective yield is based upon projected amounts and timing of future distributions and the projected amounts and timing of terminal principal payments at the time of estimation. The estimated effective yield and investment cost may ultimately not be realized. Projected cash flows, including the amounts and timing of terminal principal payments, which generally are projected to occur prior to the contractual maturity date, were utilized in deriving the effective yield of the investments. As of July 31, 2026, the Company’s weighted-average effective yield on its total investments, based on current amortized cost, was 11.67%. Excluding optionally redeemed CLOs, the weighted average effective yield on total investments, based on current amortized cost, was 11.98%.

- (4) The fair value of all investments was determined in good faith by OFS Capital Management, LLC (the Company's investment adviser) using significant, unobservable inputs. The fair value of the investments may differ significantly from the values that would have been used had a ready market or observable inputs existed for such investments and may differ materially from the values that may ultimately be received or settled.
- (5) Subordinated notes and income notes are considered CLO equity securities.
